SDSA ONLINE MEDIA KIT 2020

International.

As the official website of the Set Decorators Society of America, SDSA Online brings the entertainment industry's decor/design community together. SDSA Members and readership include members of professional unions, associations, guilds, and academies around the world.

SetDecorators.org provides member news, event information, and listings to keep the community connected.

SETDECOR.com is the official publication of the SDSA. Celebrating the work of member set decorators, its editorial sections *Film Decor*, *Television Decor*, *Directors Chair*, and *Awards* keep our readers informed and inspired.

The SDSA gives voice to a most influential group of silent storytellers - Set Decorators. Our members are highly represented among the industry's highest honors - including the Oscars® and Emmys®.

E-BLAST REQUIREMENTS 2020

An email tool for marketing + fast and wide dispersal of information, the e-blast is an option open to all members of the SDSA. Some non-members may also make use of this valuable resource.

E-Blast Guidelines

We currently use Mail Chimp as our e-mail marketing platform, which has brought about some changes in our guidelines and requirements

1. Any member of the SDSA may request an e-blast regardless of membership level. The requested e-blast must be approved by members of the board. The approval is for appropriate content only. The requesting member is responsible for spelling and grammar as well as having all pertinent information such as contact info, addresses, time frames and any other necessary information. The SDSA Board of Directors may reject any requested e-blast or may send the blast back for further refining or enhancement. Some e-blasts may be denied due to inappropriate content not following with the SDSA charter, mission statement or non-political purpose.
2. E-Blasts are billed at either the General Rate (for non-members) or the SDSA Member Rate. Contact the office for the rate that applies to you. The cost is the same regardless of the content of the blast. There is no discount for charity, multi use, personal events or such. SDSA International committees sending information about their events are not charged. For Your Consideration e-blasts are billed at the General Rate. The requestor will be billed upon receipt of a signed insertion order. Payment can be received following the blast, or can pay ahead of time.
3. The format for the blast should be as follows; In order to optimize viewing across platforms (desktop, tablet and phone), we recommend graphics be no wider than 600-800 pixels.
MECHANICAL SPECIFICATIONS: .jpg + URL link (or links) + TEXT ONLY version of copy. Our system does not support pdf. You may have one link on the graphic. Additional links in text above or below the graphic are allowed. For freeform HTML, send in your email the HTML code to cut and paste into the program, see page 2 for HTML guidelines. For a text blast, a Word doc should be used. For rich text blasts, small images or logos may be inserted. A link to the sender's website or requested web site may be inserted. As the shape and size of each graphic will be different, we impose no size restrictions but members should be aware we reserve the right to resize any image. We have found that 800px works for consistent viewing on most screen resolutions and window sizes.
4. All formats require a second plain text information version.
5. Please reserve your space. There is no restriction as to how many e-blasts a member may send, although we do restrict how many we send out in a day. So even though someone may send an e-blast today, it doesn't mean that it will go out today or even the next, as our queue is first come first served, as well as the time awaiting approval which could range from 6 hour to 24 hours. There is no lower pricing for quantity.

E-BLAST REQUIREMENTS 2020

6. The requesting member has the choice of which groups to send the e-blast. Our various membership levels are Decorator, Associate, Business, Retiree, Student, and Friend/VIP. We have a Web Opt-In list that can be chosen as well. It is up to the requestor to decide which list(s) to send to. There is no change in charge regardless of how many or how few groups are mailed.

7. To request an e-blast, contact the SDSA office at (818) 255-2425 or sdsa@setdecorators.org

HTML Guidelines for SDSA E-blast Program

- All images must be hosted and referenced by absolute urls in your source code (i.e. `` rather than ``)
- Your HTML source code file should not exceed 45KB.
- Email width should be around 600px for consistent viewing on most screen resolutions and window sizes.
- The use of HTML forms in your email message is not recommended; many email clients will not render forms correctly.
- We recommend sticking to basic HTML and to avoid using scripting (JavaScript, Perl, etc), HTML frames, layering or absolute positioning. While suitable for browsers, most email clients have difficulty rendering or actively ignore these design elements.
- CSS should be embedded in the BODY rather than the HEAD of your document. External CSS file references are not recommended. Many email clients will ignore external css references and any CSS in the HEAD section of an HTML email.
- Do not place CSS styles directly in the BODY tag; some webmail clients will ignore body attributes/styles.
- Background colors should be applied to container tables/divs, rather than the BODY.
- Avoid using background images, as some email clients will not display them.
- Do not rely on CSS inheritance. Write your CSS specifically (i.e. `element#idname p {}` as opposed to just `p {}`).
- Text links need explicit inline styling to render as desired in most webmail clients.
- Avoid commenting within the CSS, this could cause issues with webmail clients.
