Eligibility Rules

The SDSA Awards Committee will pre-determine a comprehensive list of Television projects deemed eligible for consideration in advance of the Nomination Round of membership voting. In an effort to be inclusive of projects that may have been overlooked, we invite submissions.

Eligible titles: **Each submission MUST have a credited Set Decorator to be considered**

Eligibility Time Frame:

The qualifying shows are those with air dates from the period of **June 1, 2021 - May 31, 2022.**

Submissions:

A Set Decorator whose work is credited on a specific episode or episodes of a show may submit their work in accordance with the eligibility deadlines and format:

For the individual artist responsible for the overall "look" or "style" of a program, all inclusive.

- Upload a single pdf file of the decorated sets.

- Include, on the first page of your pdf, a concise, accurate statement of the entrant's contribution (100 words or less) which validates a substantial, creative, hands-on contribution to the final project. This should not be a logline or synopsis of the program.

- It needs to be an actual description of the entrant's work for this specific episode or season.

- Link to streaming platforms for viewing consideration by the SDSA Awards Committee.

- Screen Credit(s)

In the Decor/Design Categories (see below), only programs that have been pre-sorted into genre categories by the committee are eligible for awards in their respective categories. To assist SDSA voting members in casting their votes, the SDSA Awards Committee offers the following to define each category:

CONTEMPORARY: Programs whose primary setting is situated in the approximate current day (or decade). These sets may include brief flashes back or forward in time, but the bulk of the story must be a contemporary setting.

PERIOD: Programs whose settings are primarily in historical eras that precede our current day. These sets may have time spans that include current day, but the bulk of the story must be situated in a bygone era.

If a show represents both Contemporary and Period, the submission should include a breakdown percentage of each. The SDSA Awards Committee will determine which category best fits.

SHORT FORMAT: Submissions only. All Webseries, Music Videos and Commercials must be submitted to be considered
