Set Decorator

To voting members of the SDSA -

I am very excited for the opportunity to continue my service on the SDSA Board for a second term.

It has been wonderful forging friendships & collaborating with our extended community as we work to elevate the awareness of our craft. My involvement as Chairperson on the Community Outreach Committee has been particularly fulfilling. Through our collective efforts we were able to raise and donate funds to charitable organizations and secure

funding for college scholarships. We have all felt the struggle moving beyond the covid years and surviving through current strikes. Supporting each other and our broader community underscores what the SDSA and its Members are all about.

Thank you for allowing me to be a representative and for considering me for re-election.
