As a second term candidate for the SDSA Board of Directors my goal is to take part in the growth and outreach of the organization by interacting with current members on both coasts, while recruiting new members in my region of the Southeast.

If re-elected as a representative from Atlanta, I hope to increase the SDSA's visibility in the Southeast, and also explore what the SDSA can do for its Southern members in this rapidly growing "third" production area.

As a 30-year veteran of the Film and Television industry in Atlanta and a member of the SDSA since 2007, I believe I am poised to further the goals and development of the SDSA in this region, by guiding our future direction in a positive way.

Thank you for considering me for a second term the Board!

Sincerely,

Lance Totten
