

Sarah Carter

Set Decorator

Over the past 15 years I have passionately dedicated my efforts into learning and excelling my skill and craft in set decoration. Continuously striving for creative and professional excellence and respectful collaboration has provided me opportunities to work in television and on feature films, domestically and internationally.

As an adolescent I never imagined a creative career in the film industry. Even after working in the industry for several years, I was doubtful of how long this adventure would continue. Moving up the ranks I sometimes struggled with feelings of isolation in the industry and wished for more opportunities for positive mentorship, fellowship & networking.

Now as a more seasoned Set Decorator I would like to take a more active role in SDSA by offering my genuine enthusiasm and dedication to the organization in an effort to connect with existing membership as well as support the mission of reaching out to prospective members in effort to strengthen our community, assist in building an increasingly accessible support group that is inclusive of all its members as well as be involved in opportunities for educational and community outreach.

I would be honored to represent the collective interest of the Southeastern members. Thank you for considering me for a position on the SDSA Board of Directors.

thank you,

Sarah Carter, SDSA
