Strickland's Window Coverings

You've just finished meeting with the Production Designer and Director, and you need venetian blinds for classroom windows from the 1960's or, perhaps you need a roller shade that looks like it's been hanging in a Main Street gas station for 20 years.

Strickland's Set Services has grown due to word of mouth.

We started as a local hot spot, and now Set Decorators call on us from all over the country. Thanks to our decades of experience in film services, we know what you are looking for and what fits your set.

Now with locations in L.A & NY!

The Alpha Companies

Since its humble beginnings in 1992 Alpha Medical Resources has always prided itself on service. The relationships we have built with set decorators and prop masters have stood the test of time and allowed us to grow into other areas over the years.

Today, with the addition of laboratory furniture, office furnishings, cleared artwork, classroom furniture, airport, lobby and reception furniture we can no longer say we are just a medical prop house, hence the Alpha Companies.

With over 130,000 square feet of inventory, we cater exclusively to the Motion Picture and Television Industry. We are constantly adding new items, so please stop by and see what's new.

The Alpha Companies now has two locations with the addition of its New York prop house, which opened in January 2014. Keep an eye out for our Atlanta, GA location coming soon.
