## The Sofa Company

In 1998, three college friends established The Sofa Company, a local Los Angeles based sofa specialty shop with a unique concept in "You design it, we build it!"

The Sofa Company started with one showroom in Culver City, California, the heart of screenland and the entertainment industry, where we began establishing relationships with set decorators and interior designers.

Now, more than 15 years later, The Sofa Company manufactures its own 100% American made designs and models straight from our headquarters in Downtown Los Angeles. We pride ourselves

*Three friends from California  
striving to make the world a  
more comfortable place to sit,  
one sofa at a time...*

on having a nice home on the Internet, as well as four showrooms, each housing more than 50 different models and an almost infinite selection of sizes, configurations, and options. We are also proud to have successfully completed hundreds of local and nationwide installations.

## SDSA DECORATOR SPOTLIGHT

**Tim Stepeck**

### In A Few Words...

**Which talent would you most like to have?**

To make a preliminary schedule stick.

**What do you consider your greatest achievement?**

I think when I first realized how proud my parents were of me and what I was doing. That is about as good as it gets. But I'm also especially proud of *THE X-FILES* days when we often had to create things for camera that don't actually exist in real life, and at a moment's notice.

**Which word or phrase do you most overuse?**

"Copy"

Partial Credits include:

DAWSON'S CREEK  
THE X-FILES  
COLD CASE  
CALIFORNICATION  
HOUSE OF LIES  
THE BRIDGE

### What do you look for on the Craft Services table?

Everything I shouldn't be eating, and then eat anyway.

### Please name a benefit of being an SDSA member.

It's great to have a group of peers that really understands what you are up against and supports you every step of the way. They also know how to throw a great party.
