#### KOOKS ART

As fate would have it, business partners Kelly H'Doubler-Crowder and Ema Schulz were in the right place at the right time to collaborate on this one of a kind business they call KOOKS. KOOKS, "one whose ideas are eccentric or fantastic," started three years ago and has turned into the industry's go to place for school aged art. With 20 years of experience working in television, film and stage came the real deal - parenting. After fulfilling endless years as room moms what followed was an evolution into the crazy eccentric world of KOOKS.

We recently moved into our new work space that holds over 3,000 pieces of authentic, handcrafted, unique, cleared pieces of children's artwork, as well as graphics, photographs and various collections from fine artists. Focusing on children's art, ranging from Kindergarten though High School, the partners found a niche that no one else in the art rental business has tapped into. KOOKS has cleared art for School Classrooms, Hallways, Girls and Boys rooms, Science Fairs, Art Class, Fine Art and Special Occasions.

Look for our "new and improved" website to be unveiled soon, to blast across the SDSA universe!

The largest collection of

Lace Curtains, from Victorian to Contemporary styles, can be seen in; *RAMBLING ROSE*, *RIPD*, *BOARDWALK EMPIRE*, *WATER FOR ELEPHANTS* and *THE LAST SAMURAI*.

As supplies of antique fabrics dwindled, I located a factory in Scotland manufacturing the same fine laces that were originally produced in the 19th century. To my delight, the factory could also loom new designs on their updated Victorian machines.

As a result of regular repairs and constant maintenance of these historic looms, we are able to offer a range that will appeal to the most traditional taste as well as a totally modern aesthetic.

I closed my shop in 2005 to concentrate on the growing demands of mail order. Please browse through our website. Whatever your style, we think you will find just what you're looking for.

***In a few words...***

**Which talent would you most like to have?**

I would love to be able to sing. I don't think I'd ever stop; especially when it comes to show tunes....

**What do you consider your greatest achievement?**

Well, first and foremost are my children; but on a professional level, it is without a doubt winning an Emmy. I must say, that moment when they read your name out of the envelope is something I'll never ever forget. What an honor that was; a thrill of a lifetime.

**Which word or phrase do you most overuse?**

"Where are my keys?"

**What do you look for on the Craft Services table?**

Well, I LOOK for the 90 calorie granola bars, but what I FIND are the Hershey's Kisses and chocolate chip cookies. Go figure.

**Please name a benefit of being an SDSA member.**

There are many; first to be in the company of such talented people is always a pleasure. I find the comradery and support we have for one another to be so very special. I honestly feel we all look out for each other and if someone needs help with anything, we can reach out and find help. It's always so evident at the SDSA events. And, hey, we're a fun group of creative people!
